Other & Projects

Team Leader for the Swedish Ubuntu Community

During 2004-2005 I was Team Leader in the Swedish Ubuntu community, where we worked to develop and spread knowledge about Ubuntu Linux.

This was a very rewarding assignment, where I was responsible for leading the team in Sweden.

Technicians : Ubuntu Linux

Writing books

I have been asked on several occasions to write books about web design and programming. The books are currently published by Docendo and Packt .

Holding training courses

I have been asked on a few different occasions to hold training courses in programming and web design at Lexicon in Örebro.

Language

English – Good verbal and written skills

Swedish – Good verbal and written skills
